

The Central Coast Plateau Sustainable Farming Project

Fighting the Fireweed Menace

A practical workshop to answer your burning questions!

- Find out how to control fireweed using pasture improvement and grazing techniques.
- Hear about the latest DPI fireweed management trials.
- Understand the importance of maintaining competitive pastures to suppress fireweed.
- Come on a paddock walk and learn how to identify pasture plants.

When: Tuesday 26 May, 10 am–2.00 pm

Where: 1310 Wisemans Ferry Road, Somersby

*With special guest speaker –
Craig Muir, NSW DPI Agronomist & Fireweed Project Officer*

**This session is FREE but for catering purposes please RSVP
by Friday 22 May to Carolyn Jenkinson on 4348 1979 or
email carolyn.jenkinson@dpi.nsw.gov.au**
