

You're invited to a free community workshop on **Catchment Management in the Lower Wollombi**

The Hunter-Central Rivers Catchment Management Authority (CMA) and Singleton Council invites all landholders and residents of the lower Wollombi catchment to an information workshop to discuss catchment health and natural resource management issues.

The workshops will provide an excellent opportunity for residents of the lower Wollombi community to get a better overview of catchment management activities being undertaken in their local catchment area

These workshops will also provide an opportunity for the CMA and Singleton Council to listen to the natural resource management issues concerning the community and work together to plan appropriate actions.

To register your attendance please contact Joe Thompson (02) 49384924 or (02) 49301030 email: joe.thompson@cma.nsw.gov.au.
