

How will gas exploration affect you?

sydneygas

Sydney Gas is exploring for natural gas in the Upper Hunter area.

Soon we will be exploring in the Wollombi and Payne's Crossing areas.

If you would like to learn more about gas exploration, we would encourage you to come to a community presentation:

What:	Gas exploration explained
When:	2pm – 3:30pm, Saturday, June 7, 2008.
Where:	Wollombi Community Hall.

If you are unable to attend the presentation and you would like more information please do not hesitate to contact Colin directly.

Colin Stace, land and community manager for Sydney Gas, will be in your neighbourhood and would be glad to hear from you:
