

# *You're invited to a free field day on controlling erosion in Congewai*

**The Hunter-Central Rivers Catchment Management Authority (CMA) and Congewai Valley Landcare would like to invite you to a field day on stream management.**

The field day will focus on stream management issues, including channel erosion, vegetation and stream function.

Case studies will be presented on managing erosion through creek revegetation, large woody debris and structural in-stream works. Participants will also get involved in some revegetation and water quality testing.

**Date: Sunday 23 November 2008**

**Time: 9.30 am - 2.30 pm**

**Venue: Congewai Public School  
(605 Congewai Road, Congewai)**

**Morning tea and lunch provided**

Please bring a hat and good sturdy shoes as we will be walking through fields with limited shelter and around water courses. If you are participating in the tree planting, please bring a pair of gloves. We will need to travel a short distance from the school by car to properties for the case studies and practical activities.

**To RSVP, contact Grahame Price on (02) 4930 1030 or email [grahame.price@cma.nsw.gov.au](mailto:grahame.price@cma.nsw.gov.au) before 17 November 2008.**
